Many of our claims are in the Prescott National Forest where the Governor has declared a state-of-emergency regarding the out of control Goodwin Fire. Governor Doug Ducey has declared a state of emergency in Yavapai County.

The fire started last Saturday and has grown to nearly 21,000 acres. There are 752 fire personnel battling the blaze which has burned some structures in its widening path and forcing more than 4,000 area evacuations.

The fire map indicates that the fire may have burned Wolf Creek claims as well as Turkey Creek claims. We also know that some of our members were forced to evacuate their homes. Our prayers and thoughts are with you.

This wild fire reminds me of the Yarnell Hill Fire, which happened on June 28, 2013. It over-ran and killed nineteen City of Prescott firefighters, who were members of the Granite Mountain Hotshots Crew. These men gave their lives fighting a fire outbreak not far from this current fire’s location. May they and their families always be in our hearts and minds on this fourth anniversary of this unimaginable and horrific day.

Karl Weber, RRPC President

Below (3 pages) is the official forest closure notification that will be in effect until July 30. This puts a number of the club claims "off-limits" for the time being. Map 1 (Poland Junction claims), Map 6 (upper Wolf Creek claims), Map 7 (lower Wolf Creek claims), Map 8 (Turkey Creek claims) and Map 9 (Crooks Canyon claims).

We wonder how complete the fire damage is to some of the areas that had tall pine trees? We may have lost some of our scenic charm.

Is this an accurate statement?
Do everyone feel the same way??
**VOLUNTEERS NEEDED**

The club would like to form a committee aimed at promoting new memberships. This group would explore avenues for reaching new potential members through media, events, exhibitions, gold shows, open-house digs, just to name a few possibilities. Meetings would be coordinated within the group and a Chairperson will be appointed. Put on your thinking cap and volunteer for this exciting way to give back to your prospecting club!

Email or call club office that you would like to be a committee member.

**July General Membership Speaker**

During the July general membership meeting, we will have a refresher overview of Hands-Only CPR as well as a demonstration of the operation of the lifesaving Automatic External Defibrillator (AED). Though this is an overview and not formal training, the importance of this lifesaving knowledge cannot be understated.
